C. of C. Directors Discuss Lack of Civic Activity

The Albany Chamber of Commerce Directors set aside traffic problems at their board meeting Thursday afternoon, July 10, to discuss the lack of interest in vital civic problems among local merchants.

President Ted Williams in a review of cases of potential progress cited how in each situation failures have resulted because of "lassitude." "Merchants' lassitude is leading to stagnation of a community with boundless opportunities," stated Williams.

Ed Haran, C. of C. director and newly elected president of the Albany Exchange Club, offered to meet the challenge and personally call on merchants. His decision was supported by Oliver Nelson and Mrs. Beatrice Raymond. A unanimous decision was reached to contact the 38 non-participating members of the Chamber and each director present selected a group of inactive members to contact.

Fire Chief Lauds Public Support In Weed Burning

The Albany Fire Department this week completed burning weeds in the city and Chief Pimental praised the cooperation of residents in clearing weeds and rubbish from fences on lots where weeds were burned.

"The fine cooperation on the part of Albany citizens contributed greatly to the speed and effectiveness in which the weed burning crews completed their work," Pimental stated.

He cautioned that persons wishing to secure fire permits for any burning they desire to do must still report to the department in person.

Vacationing at the Gould Cottage in the picturesque old mining town of La Porte, in Plumas County, are Mrs. T. L. Gould and son, Bob, and Mrs. R. J. Rogers, and son, Bob.

Left to right are Carson Conrad, consultant in community recreation for the State Department of Education; Harry Stoops of Berkeley, secretary of the California Recreation Executives Association; Edwin S. Howell, Superintendent of Recreation in Albany and president of the Executives' Association; Sterling Winans of the California Youth Authority; Charles W. School Board to Continue Program Of Child Centers

Meeting on July 8 the Albany Board of Education authorized the continuation of a child care center program in accordance with recently approved state legislation. The policy of the state is to make the services of child care centers available to those who have the greatest financial need by providing a sliding scale of fees. At the nursery level these fees extend from 25 cents per day for a child from a family where the income is less than \$100 per month to 85 cents per day for a child where the family income does not exceed \$275.

For children who attend school and are cared for at the center only during out-of-school hours, the rates for the same family incomes range from 25 to 50 cents.

Only registered nurses, teachers and G.L. students may have the benefits of the child care program if the family income exceeds \$275. The rates established by the state are lower than in the past and will require more state aid for fulfillment of the program.

The Albany Child Care Center is located at Codornices School where both a nursery and an extended day care center are in operation. There is also an extended day care center conducted at Cornell School. Children of working mothers between the ages of 2 and 12 years are eligible for enrollment.

The Board appointed Miss Margherita Mayall as director of the Albany Child Care Center, effective July 7. She succeeds Mrs. Salome Dahlin, director for the past several years, who recently resigned. Miss Mayall has had extensive kindergarten and child care work in Canada. Since 1944 she has been a head teacher in the child care centers of Berkeley.

Salaries for 1947-48 of employees in the child care center were also determined. Teachers will receive \$205 per month, assistants, \$185; cooks, \$185 and matrons, \$175.

Among other business acted upon by the Board was the acceptance of the resignation of Mrs. Thora Mumford as business secretary of the Albany Unified School District. Mrs. Mumford is moving to Alaska. She will be succeeded by Mrs. Ester Phipps, secretary of the Codornices School for the past several months.

Albany Flagman Injured by Auto

Harold E. Goebel, 41, construction gang flagman at the Albany race track, was hurled to the highway this week when a car he was flagging failed to stop, the California Highway Patrol stated.

Goebel, who lives at 418 Curtis Street, suffered lacerations about the face and scalp, and is being held at Permanente Foundation Hospital today for observation of a possible skull fracture, according to the hospital authorities.

The auto, driven by Henry Quitman, 66, of 518 24th Street, Oakland, struck Goebel at 10 p. m. Tuesday. Quitman said he failed to see Goebel. He was not cited.

MORGAN'S MEANDERINGS

By M. S. T.

Frank Geary, driver for the William West Roofing Co., showed real civic pride Monday afternoon when he brought a fire in his truck all the way from Berkeley to be extinguished by home-town firemen. Geary first noticed the fire, apparently caused by a carelessly thrown cigarette, as he approached Evelyn and Marin Avenues. He stopped the truck in front of 1026 Evelyn, yelled "fire," the locals rushed to the rescue and held the blaze to an estimated damage of \$150 for equipment in the truck and the wooden staves siding the vehicle.

The Albany Merchants have turned out a very hot group of ball players. They won their eighth game in ten starts when they met the Oakland Husteds Sunday and snagged a close 5-4 game. Next Sunday they play V.F.W. Post 1010 at James Kenny Park, 2:30.

Frances A. Lytton and Jean Bernat Arwin have established a unique "we'll do it for you" service for Albany folks too busy to do or remember things they should. With their Consumers Service, The Ladies specialize in shopping service, arranging parties, answering telephones for folks away from home and a multitude of other little things that can be so important. They have set up shop at 1408 Solano.

Vacation bound . . . Mrs. Nell Curran, she heads the Albany Pre-School, is off on a jaunt up the coast of Alaska. With her is Mrs. Peg Mundorff, assistant advertising manager of Capwell, Sullivan and Furth. . . . Bud England, son of Mrs. Winifred England of 638 Cornell Ave., has also headed north. He will spend some time in Portland, Ore. Bud works for the Manifold Book Company in Emeryville.

Notes at random . . . New photos of the local law arms now on display at the bastille reveal what changes time hath wrought in comparison with the old pic previously adorning the wall. . . . Louis Piane, owner of Jerry's Cleaners at 1258 Solano, seems still a little dazzled by his recent state of parenthood. He had quite a time remembering his new daughter's name was Shelia Jo. Shelia was born at the Albany Hospital as reported in the birth notices this week in the Times.

Red Cross Party

A picnic luncheon for 10 patients from Mare Island Hospital was held Tuesday in the garden of the home of Mrs. Violet Richardson Ward, 54 Stratford Road, Berkeley. Berkeley and Napa County Red Cross chapters were the sponsors of the affair. Mrs. Walter Teasdale, chairman of Berkeley chapter's Volunteer Special Services committee, and Miss Lucy Gist, Executive Secretary of Napa county chapter, American Red Cross, made the arrangements.

The picnic luncheon was prepared and served by Berkeley chapter's Canteen Corps with Mrs. S. G. Culver acting as chairman, while the Motor Corps furnished transportation.

Gov. Signs Bill To Create State Recreation Group

Governor Earl Warren signed Assembly Bill 2012 creating a State Recreation Commission and a staff of technically trained recreation workers, Tuesday, July 8th. Among those present at the signing of this Bill, and guests of the Governor, were Charles Davis, Superintendent of Parks and Recreation at Berkeley and Past President Pacific Southwest Association of Health, Physical Education and Recreation, and Edwin Howell, Superintendent of Recreation, Albany, representing Recreation and Park Section of the League of California Cities, and President, California Recreation Executives Association.

The Governor will appoint within the next two weeks a Commission of seven members who will serve without compensation. The Commission, in consultation with the Governor, will appoint a director of recreation and staff to administer the program. It will be the duty of the Commission to study and consider the whole problem of recreation of the people in the State of California as it affects the welfare of the people, and especially the children and youth of our state. The Commission will report annually to the Governor on the needs of the State and the local subdivisions for recreation facilities, programs and activities.

The Legislators approved the sum of \$79,000 to defray the cost of administering the program.

The Bill was introduced by Assemblyman Grant and carried the full endorsement of the Governor as well as the support of the California League of Cities, California Congress of Parent-Teacher Associations, County Supervisors Association, California Junior Chamber of Commerce, California Recreation Executives Association, California Youth Authority, The Committee to Study Recreation in California, and other public and private agencies.

The Governor remarked, in signing this Bill, that he was confident the formation of the Recreation Commission and the services to be rendered would be of great benefit to the citizens of the State of California.

Ground Breaking for St. Alban's Parish House to Be Sunday

On Sunday, July 17, at 3 p. m. the members and friends of St. Alban's Protestant Episcopal Church will meet for the ground-breaking ceremony for the new parish house. The pagentry will begin with the gathering of clergy, choirs and people at the old building at 1489 Solano. The group will proceed to the site of the new building at Curtis and Washington with the choir and people singing "Onward Christian Soldiers" and "A Mighty Fortress Is Our God."

After the invocation, anthem, and reading from Ezra 1:1-6, the people will sing "Rise Up, O Men of God" and prayers of dedication will be said. There will be a brief address and an anthem during the offering for the building fund.

Bishop Karl Morgan Block, the Rev. Randolph Crump Miller and Frank Gerald Sibilia, representing the diocese, the clergy and the people will turn the first pieces of earth. The benediction and singing of "On Our Way Rejoicing" will complete the ceremonies.

The new building will house 11 class rooms for church school classes and meeting of various parish groups, a large well designed auditorium and an adequate kitchen. Designed by Arnold Constable, noted church architect, the building will be modern Gothic and will be situated on the lot to leave room for a church to match. R. F. Johnson and Son have been named as contractors for the construction.

Act as Counselor**

Mrs. Geo. F. Klarman, President of Marin Parent-Teacher Association, will again act as Counselor at Y.M.C.A. Camp Wasiata in the redwoods of the Santa Cruz Mountains near La Honda.

Eight or possibly ten of the following Albany girls will be under her leadership and direction during the two weeks period from July 29 to August 12: Norma Rambo, Pat Gowen, Carol Garner, Karen Price, Sandra Paget, Betty Kline, Sandra Brown, Georgia Dee Klarman, Shirley Brazier, Marilyn Stine, Joan Zillich and Joan Kessner.

COMMUNICATEDJuly 14th, 1947.
907 Santa Fe Ave., Albany.Albany City Council,
City Hall, Albany, Calif.

Gentlemen:

I would be grateful if you would assist me to correct a situation that at present may very easily cause injury or even death on the highway.

I am referring to the present practice of the Motor Vehicle Department in permitting new cars to operate on the highways without identifying license plates, issuing in lieu a small sticker which is placed on the windshield. In case of "hit

and run" accidents or such cars being driven by irresponsible, drunken drivers endangering other highway traffic there is no way of ascertaining the identity of the owner or operator.

Last week-end members of my family were confronted with a situation where the driver of a new car, either being drunk or insane, deliberately refused to let them pass, careened back and forth across the highway and hogged the road at 10 miles per hour with the occupants of his car shouting threatening remarks to dent the fenders of our car should we pass.

It was, of course, impossible to read the only identifying information located on the windshield. Fortunately, with the exception of mental shock from being at the mercy of such a maniac no other injury occurred, but had a serious accident resulted and had the responsible party escaped there would have been no way of tracing him.

The Motor Vehicle Department should be required, to at least issue a temporary legible paste-board placard and require that such card be displayed on the back of the car before such car is permitted on the public highway.

Our State leads the nation in traffic deaths, possibly such loose practices as these are contributing factors and should be remedied at once.

May I therefore ask you to write to "The Director of Motor Vehicles, 12th and N Street, Sacramento, California" who has been vested with the power to adopt and enforce such rules and regulations as may be necessary to carry out the provisions of the California State Vehicle Code (Section 128 b Calif. State Vehicle Code) requesting immediate changes be made to correct this deplorable condition.

Very truly yours,

MRS. KATHIE ZAHN.

Plans for Contra Costa County Fair Are Underway

It was announced this week by Norman Sundborg, secretary manager of the Twenty-third District Agricultural Association that this year's County Fair to be held at Antioch will be bigger and better than ever.

Plans and projects concerning the affair were discussed at a meeting held last week by the association. Additional features will be added to this year's fair that have not been held in prior years. Extra space will be given to the flowers and garden display, which is to be prominently located in the center of the fair grounds.

One of the main purposes of the County Fair is to give exhibitors an opportunity to display their efforts and enter in competition with others in the county. Increasing efforts on the part of exhibitors will produce better displays for this year's fair.

At the meeting reports from other County Fairs in the State were read, and motion pictures of the events shown, in order to give the central planning committee new ideas and a broader scope to be used for the forthcoming event.

Also discussed at the meeting

was the possibility of procuring a better and larger site for future Contra Costa County fairs, with more adequate facilities for agricultural and industrial exhibits. It was stated that State aid may be used in the project.

San Francisco Port of Embarkation today announced it has turned back through the Army Engineers as surplus the Berkeley Salvage Yard at East Shore and Virginia Streets.
